Saturday, April 03, 2021 / St. Joseph's College (Autonomous) / Vol : 12; Issue : 27 / www.sjcdeptcomm.wordpress.com

Capture the frame

Riya Joseph

Colour of chaos

Suhas S. Kashyap

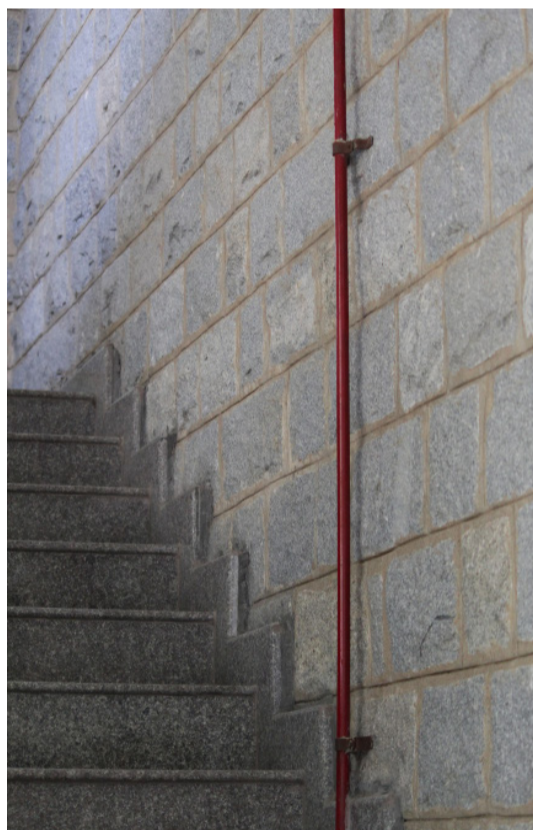

COLOUR CONTRAST

Colour contrast is when two different colours at the opposite spectrum of the colour wheel are put together. The further away from each other two colors are, the higher the contrast. It is used to depict stark and glaring difference and also used to highlight a particular part of the image in photography.

Rules are rules
